Kia ora Koutou

I'm really excited to inform you that we have accepted a tender for our Room 1-6 building project and we're just awaiting final approval from the Ministry of Education. Our staff and students are super excited about getting this work underway. This is a massive piece of work with the roof being repitched and the class spaces being refurbished into modern learning environments. This work is expected to take 6 months and will begin early next term.

Any school building work does impact on school life and we are doing our best to keep any disruptions to a minimum. As planned Rooms 4-6 will move into the hall, which will be set up for the 3 classes. Our teachers have some great ideas on how this will work and how the hall will be arranged. They are looking forward to getting underway. Rooms 2-3 will move back into Kiwi space and Rooms 10 and 13 will be utilised for the Hub. Further information will come home for these 2 Hubs.

We are still working through all the other areas that this work impacts on, such as the library, kapa haka, assemblies, etc and will give you further details early next term. Please bear with us as we get things organised. There will be disruptions and we'll work through these as best we can.

In week 3 of next term we'll be holding our **Student Led Learning Conversations**. A student led learning conversation is a meeting with parents led by the student. Students will share samples of work, discuss what they have learned and the progress they've made, and they may undertake some activities with their parents to show their learning.

Up to four learning conversations will be conducted simultaneously in the classroom with family groups seated far enough apart to allow for privacy. The teacher's role during a learning conversation is that of a facilitator. They will rove and support students when required and answer any questions. Due to our Term 1 learning conversations not occurring, there will be some time for goal setting with the teacher.

The main purposes of student led learning conversations are to celebrate a child's learning, show growth over time, and provide parents with a better insight and understanding of their child's learning. Preparing students for learning in the 21st century requires teachers to allow students to be agentic (self directed) and take responsibility for their own learning, and what better way than through sharing their learning with whānau. Look out for more information early in Week 1 next term.

FOSTER HOPE FUNDRAISER

on 17 June Trentham School held a fundraiser for the Foster Help Charitable Trust to help support children in foster care. This was a huge success, and we raised **\$504.00!** This was a tremendous effort from our students and whanau. Thank you so much to everyone for supporting this fundraiser!

SPARE CLOTHING

We welcome any donations of clothing to add to our spare clothing bins for children who require them, particularly on wet days. We are running low on socks and boys' trousers (sizes 4-10). Thank you for your support!

SICKNESS

Children who are unwell must stay home. If students show any symptoms of illness at school, we will ring you to come and collect them.

DO YOU NEED TO UPDATE ANY CONTACT DETAILS?

It is extremely important that we have accurate and up to date contact details for all our students. We must be able to get hold of parents and caregivers if children are sick or in the case of an emergency. Please contact the office at any time if your phone numbers or address changes.

ENTERTAINMENT BOOK

I'd like to thank all our whānau for their support this term. It has been an extremely unusual and busy term. COVID impacted significantly on us all, with teaching and learning from home, and then returning to school during Alert Levels 2 to 1. Our tamariki have been amazing and showed their resilience. They are tired though and ready for a break.

I'd also like to thank all the staff for their hard work. Collaboration, resilience, flexibility, commitment and aroha were all evident pre, during and post lockdown. They have gone above and beyond and I am incredibly proud of them all. I now encourage them all to take a few days to try and recharge before Term 3 begins.

I wish you all a safe and happy break. Ensure your children rest up and we look forward to seeing you all next term.

VALUE OF THE TERM— CREATIVITY

Creativity—to come up with new and unique ideas; to think or behave imaginatively; to be original; to challenge, question and explore.

Make your home a Petri dish for creativity. In addition to creative spaces, you need to foster a creative atmosphere.

Solicit a high volume of different ideas, but resist the urge to evaluate the ideas your kids come up with. At dinner time, for example, you could brainstorm activities for the upcoming weekend, encouraging the kids to come up with things they've never done before. Don't point out which ideas aren't possible, and don't decide which ideas are best. The focus of creative activities should be on process: generating (vs. evaluating) new ideas.

Encourage kids to make mistakes and fail. Yes, *fail*—kids who are afraid of failure and judgment will curb their own creative thought. Share the mistakes you've made recently, so they get the idea that it is okay to muck up. Laughing at yourself when you blow it is a happiness habit.

"Curiosity about life in all aspects, I think, is still the secret of great creative people" - Leo Burnett

PARENT INFORMATION EVENING—WEDNESDAY 5TH AUGUST 2020—7PM

We invite you to come and see for yourself just what makes our school such an exciting place to teach and learn. We are incredibly proud of our stunning environment, age appropriate resources and engaging, holistic programmes, but what we are most proud of, is **our people**.

We encourage the heart, challenge the mind and celebrate diversity.

At Fergusson Intermediate we believe in being the best version of yourself. We support our students as they navigate adolescence, explore their identity and grow academically, artistically, physically, and socially. We provide a safe environment to explore, create, innovate and take risks in a community of learners who support and encourage each other to **RISE to the Challenge! / Ara mai ki te wero!**

LOOKING FOR SCHOOL HOLIDAY ENTERTAINMENT?

The year 2020 has turned out to be completely unpredictable. Many families benefitted from the extra time they had in their bubble and now that we're experiencing a new normal, it's important to keep these connections alive. **My Amazing Brain** will help you do exactly that!

My Amazing Brain is a stunning A4 activity book for 4-12 year olds to write and draw in. It's perfect for the cold days, the sunny days, and the bit in between they're crazy days.

My Amazing Brain will get your kids moving, send them out in nature, have them creating and being musical, while teaching you lots of simple things that nurture developing brains.

Know you are supporting a local author, Victoria Jenkins, a Harlow primary school teacher and mum of two.

Apricot Choc Slice

This nut free, vegan slice, is super easy to make - all you need is a freezer and a food processor!
Into a food processor, blend:

- 1 Cup Oats
 - 4 Rows Dark Whittaker's Chocolate (chopped)
 - 4 Tbsp. Maple Syrup
 - 1/2 Cup Dried apricots
 - 2 Tbsp. Tahini (you can use a nut butter if you'd prefer!)
- Lay out the mixture into a paper lined tray.
Melt another 4 rows of dark chocolate and pour over the slice.

Optional: Top with sliced dried apricots.

Frittata—The Easiest Meal Prep there is!

Meal prep in a nutshell, my easiest go to option.

I love frittatas, you can change the flavours so easily and you're guaranteed a high protein nutrient dense meal - win!

This one is chopped onion, mushrooms and spinach with grated orange kumara, topped with grated cheese (optional) and a small amount of bacon (it needed eating!).

Fill up a pie dish with whatever veggies you have available and top with whisked eggs. Bake for 40 minutes or until cooked through, and store in the fridge for an easy grab and go breakfast or lunch.

Delicious and nutritious!
