TRENTHAM SCHOOL PROPOSED ENROLMENT SCHEME

Trentham School is experiencing steady roll growth. In discussions about our site and building capacity, we have agreed with the Ministry of Education to implement an enrolment scheme because of the concern about the risk of overcrowding at our school. We have had informal consultations with neighbouring schools and the Ministry has now approved our intention to commence the formal consultation process. This letter to you is part of the process.

Below is the proposed description of our enrolment scheme home zone:

All students who live within the home zone described below shall be entitled to enrol at the school.

Home Zone

The scheme starts at the corner of Fergusson Drive (435-689 Odd and 412-684 Even on Fergusson Drive are in zone) and Ward Street, and then runs south along Ward Street (both sides are in zone) to the intersection of Alexander Road and Ward Street.

The scheme then continues to the south of Alexander Road (both sides are in zone), and includes all streets off Alexander Road to the south (Thomas Neal Crescent, Dante Road, William Durant Drive, George Daniels Drive).

The scheme then runs north along Messines Avenue and then on to Sutherland Avenue to Fergusson Drive. The scheme then continues north along Barton Avenue to the intersection of Barton Road (64, 68, 70 and 72 Barton Road are in zone).

The scheme then cuts north across country through Trentham Memorial Park and across State Highway 2 to the intersection of Moon Ridge Road and Moonshine Hill Road (1-322 Moonshine Hill Road are in zone). Moon Ridge Road is not in zone.

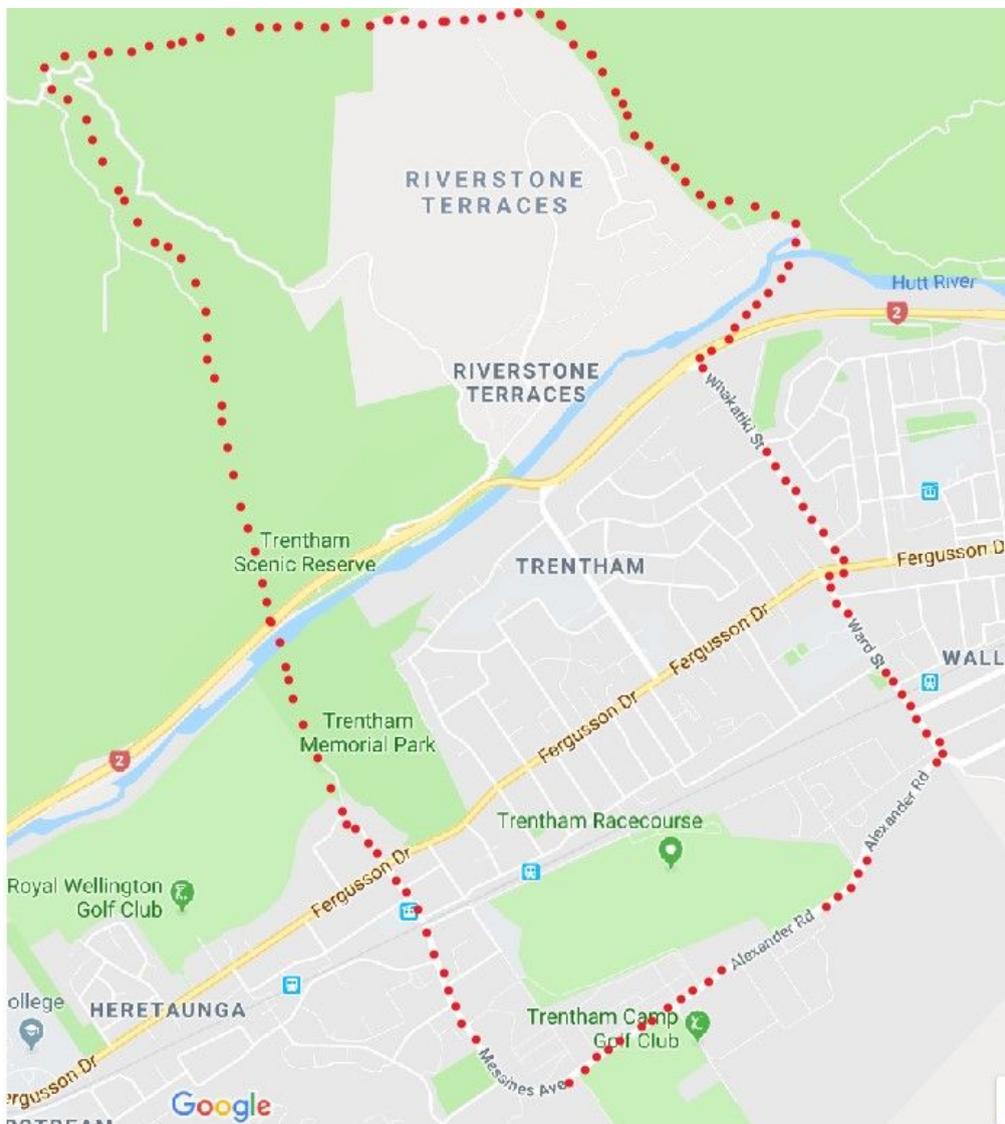

The scheme then continues east across country, before continuing south to State Highway 2. All of Riverstone Terraces is in zone.

From State Highway 2/River Road, the scheme runs south along Whakatiki Street to Fergusson Drive. Both sides of Whakatiki Street are in scheme. The scheme runs along Fergusson Drive to the intersection with Ward Street.

May these trees bloom with strength forever*

All residential addresses on included sides of boundary roads and all no exit roads off included sides of boundary roads are included in the scheme unless otherwise stated.

MAP OF PROPOSED ZONE

Proof of residence of a property within the home zone will be required (for example a copy of a utility bill with the name of a parent or guardian and an address within the home zone, covering the date of enrolment or earlier). Where a property has two or more entrances on different streets, or where the actual address of a property is in dispute, only the rateable address as recognised by the local City Council will be considered to determine if the property is in or out of zone.

Out of Zone Enrolments

Each year the board will determine the number of places which are likely to be available in the following year for the enrolment of students who live outside the home zone. The board will publish this information by notice in a daily or community newspaper circulating in the area served by the school. The notice will indicate how applications are to be made and will specify a date by which all applications must be received.

May these trees bloom with strength forever*

Applications for enrolment will be processed in the following order of priority:

First Priority	This priority category is not applicable at this school because the school does not run a special programme approved by the Secretary.
Second Priority	Will be given to applicants who are siblings of current students.
Third Priority	Will be given to applicants who are siblings of former students.
Fourth Priority	Will be given to applicants who are children of former students.
Fifth Priority	Will be given to applicants who are either a child of an employee of the board of the school or a child of a member of the board of the school.
Sixth Priority	Will be given to all other applicants.

If there are more applicants in the second, third, fourth, fifth or sixth priority groups than there are places available, selection within the priority group will be by a ballot conducted in accordance with instructions issued by the Secretary under Section 11G(1) of the Education Act 1989.

Parents will be informed of the date of any ballot by notice in a daily or community newspaper circulating in the area served by the school.

Applicants seeking second or third priority status may be required to give proof of a sibling relationship.

This will mean the students who live in our home zone will have the absolute right to enrol at Trentham School. All other enrolments will be subject to the enrolment scheme legislation. All students currently enrolled and enrolled before the scheme commences shall be considered as 'in zone' students.

Before implementing the scheme, the board is required to consult with the community of the intended action. Therefore, I formally invite you to make comment regarding our proposed enrolment scheme home zone. Please send your response by email to me at admin@trentham.school.nz no later than **13 December 2018**.

Yours sincerely

Karey Stokes
